Her winning essay on "My True Security — The American Way" follows:

"I suppose security means different things to different individuals. Probably time, place, a person's sex, the color of his skin, the environment in which he grows up, his experiences, and his dreams for the future help to determine what security really means. I believe that all of these factors influence and determine an individual's definition of security.

Destruction Without Reason

"Although I was not born in America, I hope to become an American by choice very soon. Security probably will mean something different to me than it does to most Americans who are citizens by birth.

"To be born under the flag of the imperialist Japanese conqueror is to start life without any security. Although I was too young to consider such an intangible

COUNTY BOYS ARE INVOLVED IN GANG FIGHT

Two youths from Manchester, Md., were severely injured Wednesday night when gangs of teen-agers from the Manchester and Hanover areas clashed in the Maryland town.

The injured were Leon Miller, 18, and John A. Miller, 16. Leon Miller was taken to Union Memorial Hospital, Baltimore, for treatment of a slight concussion but was released early Thursday morning. John Miller had a cut on the left side of the head, near the temple. He was treated by a physician.

Reports of the number involved varied. Chief of Police H. C. Wagner, Manchester, said the groups included nearly 50 youths from Hanover and McSherrystown and 18 from the Manchester area. Participants in the brawl claimed about 40 were in the Manchester crowd.

Use Irons, Bats

Chief Wagner said the battle, seemingly touched off about 11:20 p.m. by the climax of a series of aggravations over a period of several weeks, was waged with tire irons, baseball bats, lug wrenches and bottles among the weapons.

The Hanover youths traveled to Manchester in 11 automobiles. Chief Wagner said. Several girls from the area were among them but apparently were merely spectators at the battle.

Hanover police were notified of the incident and set up a roadblock in an attempt to intercept the battlers on their return from Manchester, but the vehicles had passed the block point earlier.

The Hanover area participants were rounded up early Thursday morning, some being taken from their homes. They were taken to police headquarters and all except six were released after questioning by Hanover and Manchester police.

The six who were detained for investigation face charges, police said.

SAYS AID CUT MEANS OUTLAY FOR DEFENSES

WASHINGTON (AP)—President Eisenhower said today any cut in proposed foreign aid spending would make it necessary to boost outlays for U.S. defense forces.

And any such increase for the security forces would be far greater than any amount saved on foreign aid, Eisenhower added.

The President set forth his view in a speech prepared for the third National Conference on Exchange of Persons, a program designed to promote better understanding among the peoples of the world.

"Those in public and private life, who would have us cut America's mutual aid and loan programs simply do not understand what these programs mean to peace and to America's safety," Eisenhower said.

"Any cutback of present budgetary levels for our mutual security program would require additional outlays for our own security forces, far greater than any amount that could be so saved."

The President's budget for the fiscal year starting July 1 calls for spending 3½ billion dollars in aid abroad, as compared with an estimated \$3,900,000,000 this year.

Spending for U. S. military forces, on the other hand, is calculated at \$40,800,000,000 this year—100 million dollars less than the administration request for the new fiscal year.

Congress in recent years has followed a consistent pattern of cutting administration requests for foreign aid.

INDICT MAN ON \$100,000 FRAUD

ERIE, Pa. (AP)—Harrison Rogers, 44, a former vice president of Rogers Bros. Co. in nearby Albion, is under indictment today on charges of blackmailing \$100,000 from his late father.

Rogers, who maintains homes in Erie and Ft. Lauderdale, Fla., was indicted Thursday by an Erie County grand jury.

Dist. Atty. Herbert Johnson Jr. claims Rogers demanded the money from his father, Louis, in return for withholding certain information from the Bureau of Internal Revenue.

Johnson said the elder Rogers was ill at the time and paid the money to avoid trouble. The father died last Sept. 6. Johnson said the information young Rogers had was worthless and could not have been used as evidence.

Rogers Bros. is a truck-trailer manufacturing firm.

SOLVE MEDICAL MYSTERY

CARMEL, Calif. (AP)—Two University of California scientists announced Thursday they had solved a medical mystery concerning heart trouble.

Drs. Richard J. Havel and Alan Gelfand told the Western Society for Clinical Research that stress causes the body to put more fat into the bloodstream.

If their findings are correct, they bridge a gap in medical thought between those who blame fats and those who place the primary cause for heart disease on stress and nervous tension.

Under Koontz's direction a problem in first aid was reenacted by Hopkins, Bower, Airing and Bell, based upon a story narrated by Hird. Clingan was the patient. A Morse code message was flashed back to Koontz. The boys' phase concluded with all participating in a knot tying relay, with a careful demonstration of the method of tying and an explanation of the knots' uses.

The second part of the program was presented by Robert F. King, assistant Scoutmaster of Troop 705, Pleasant Valley, who showed and described the scenes in some color slides taken last July when he led half the 20-man Carroll County contingent which made the 17-day trip to Philmont Scout Ranch near Cimarron, N. WILL ENLARGE X-KEYS HOME

A meeting of the representatives of all Brethren congregations of the South district was conducted last Sunday at New Oxford. It was reported that the necessary funds have been raised so that work can begin during 1959 on the proposed addition to the Brethren Home for the Aged, Cross Keys, near New Oxford.

The proposal to enlarge facilities was made in 1957 when it was seen that the present home, located since 1932 in the one-time Cross Keys Hotel building, was required to accommodate more than 60 guests, rather than the 45 for which earlier accommodation had been prepared.

The home was established after a fire destroyed the former Brethren Home, Hunsdale, and is primarily intended for members of the Church of the Brethren, although members of other denominations are occasionally taken, if recommended.

The proposed addition would increase space, permitting 40 more beds and provide better facilities for the nursing of convalescent guests.

Plans further call for greater storage space, improved laundry facilities and a new sun porch. The new structure will adjoin the present building.

A session of the Women's Auxiliary to the Brethren Home has been called for Saturday, February 28.

Young Farmers On Dairy Field Trip

A field trip to the dairy farm of Walter Ryman, Aspers R. D., was taken by the Upper Adams Young Farmers Association Thursday afternoon. Eighteen members and guests were accompanied by John W. White and Cecil R. Snyder, agriculture instructors in the Upper Adams School system.

The group saw a new 650-gallon stainless steel bulk tank and learned Mr. Ryman plans an installation of a pipe-line milking system. They saw a gutter cleaner in operation and two silo unloaders that supply the cows with silage two times a day.

Thirty-eight milking cows and 24 heifers are housed in the Ryman barn. Mr. Ryman pointed out he uses mixed grass to fill his silos, along with a small amount of rye. He reports each cow consumes about 100 pounds of silage a day.

The next Young Farmers' Association meeting will be held February 12 and will emphasize sprayer and tractor repairs and adjustments.

Security Has

(Continued From Page 1)

thing as security at the time, I soon realized its importance. From the lack of security which creeps into a person's heart without his knowing it, he derives lasting impressions which help to form his ideas about security. Such was my case, especially when in later years, the imperialist Japanese conqueror was replaced by the Communist, who is far crueler and knows nothing about the feeling of security.

"When one sees, as I have, the lifetime's work, and dreams of his father destroyed by a government without reason, it seems rather natural that security becomes the symbol of tangible things such as money, land, a good business, or even guns, an army or police.

Overcoming Mistrust
"I believe, however, that since I have been living in the United States, I am gradually overcoming my mistrust of government and of people with power and authority. I believe too that I can see another aspect of security — security the American way; and I no longer place the primary importance of security in material things, as I did before.

"Whenever a person no longer thinks about anyone 'legally' stealing his property or throwing him into jail for what he says or believes, he feels he is the owner of a very precious gift — security.

Greatest Blessing

"I believe that security in the American sense is the most beautiful and most precious gift anyone could hope to possess. It is a wonderful thing for me to be a part of a society of average people who are responsible individuals who respect the rights and wishes of their neighbors and are true to their beliefs, whether in religion or politics.

"I know now that a man is not secure merely by barring his door, by hiding, or by living alone on an island. During my stay in the United States, I have come to realize that true security is that kind of security which exists when men live and work together, sharing and enjoying equal opportunities and blessings, especially the greatest of all blessings — freedom."

PALO ALTO, Calif. (AP) — A space telescope, orbiting in a 350-pound satellite package, could produce a four color map of the entire sky as it appears beyond the blindfold of the earth's atmosphere.

Three Smithsonian Astrophysical Observatory scientists, detailing today their telescope satellite proposal, declared:

"There is no limit to the possible discoveries to be made through studies of the celestial ultraviolet spectrum — if we could bring it within reach of our laboratories.

"Two or three years from now," they predicted, "such a telescope will give us our first good set of ultraviolet maps of the sky."

Plan Is Published

The project drafters are R. J. Davis, C. A. Whitney, and Dr. F. L. Whipple, director of the observatory at Cambridge, Mass.

They published the plan in the first issue of the Astronomical Science Review, launched here as the scientific journal of the American Astronomical Society. Norman V. Petersen, Palo Alto space scientists, is editor.

The Smithsonian scientists said the satellite would carry an image tube and transmit the telescope's view of the sky by television to ground control and recording stations.

The satellite would have to keep working seven months to complete the four color mapping jobs of the entire sky.

Wife Comes To Hubby's Rescue

PHILADELPHIA (AP) — The wife of a man charged with obtaining money from women through promises of marriage has put up \$750 to make restitution.

The man is Steven Damsel, 43, of Bethlehem. He and Joseph Kitchen, 39, of Palmerton were accused of posing as jet pilots and borrowing money from women they met at dance halls, without repaying them.

Judge Byron A. Milner placed Damsel on 18 months probation Thursday after his wife handed the court the \$750. Kitchen was sentenced to 9 to 18 months, but told the sentence would be reconsidered if he sells an auto he owns and turns over the money.

Miss Hepburn was being kept immobile in bed at the home she rented here. She was reported resting comfortably Thursday night, but friends said she had been in considerable pain earlier.

Today's Talk

OPEN DOORS

William James, the beloved
philosopher, in remarking to his
sister about a house that was once
his home, remarked: "Oh, it's the
most delightful house you ever
saw; it has fourteen doors, all
opening outwards," and to which
his sister commented: "His brain
isn't limited to fourteen, perhaps
unfortunately."Fourteen open doors are none
too many from which to view the
world! They can also pour their
ideas and secret thoughts lavishly
from each door of the inner
life. People are not afraid to open
up their minds, where perhaps a
great gathering of doors spring
into action.I am reminded of a book en-
titled "The Open Door." All books
that have a touch of greatness
have open doors to them. They
are travellers, revealing them-
selves. Closed doors to the mind
are idle, cold, and uncommunica-
tive, but when given their free-
dom they invite the world.The untroubled mind throws its
doors open to the four winds of
the universe. Clean air is the re-
sult. Nature is one great door.
Let us call it the Mother of Doors,
for certainly without doors of a
minor character we would be de-
prived of most of the knowledge
of this earth, for it comes quietly
and without announcement.We need honest, open minds,
with endless doors, but without
limitations. Truth has no locked
doors. Anyone can walk through
its open doors at will, and be wel-
come. All her doors open outward,
where the space is greatest, and
where freedom reigns.No intelligent person would
choose to live behind locked doors,
as many do, but without their con-
sent. Our freedom is our heritage,
and we should be proud and ready
to protect it, and help others to
own it.Tomorrow Mr. Adams will talk
on the subject: "Believe in God."

Just Folks

TODAY

Supposing you have faltered,
Supposing you have failed,
Supposing that you have
weakenedWhen by temptation hailed;
All that was left behind you
When died grim yesterday,
You now possess this morning
To start anew the fray.You may have shirked a duty,
You may have turned aside,
You may have lost your battle
Though hard to win you tried,
Astray you may have wandered,
But don't remain astray.
If you've the wish to do it,
You can get back today.Projected 1959 by The George

ERIE, Pa. (AP)—The prospect
for further contract negotiations
between the International Brother-
hood of Electrical Workers said
the General Telephone Co. was
up in the air today.Negotiations broke off Thursday
after both parties rejected last
minute proposals for a new con-
tract.The union says it is free to
strike at any time without fur-
ther notice to the company. But
it has not given any indication if
or when it would do so.The IBEW represents 1,275 Gen-
eral Telephone maintenance, op-
erating and clerical workers in
Erie, Johnstown, Oil City, Sayre
and Vandergrift.The old contract ended mid-
night Wednesday after being ex-
tended 30 days.

rest of a man in connection with

Thursday.When they went to retrieve it
they found an envelope containing

MILLION FOR
FLOOD WORKHARRISBURG (AP)—Rep.
Stephen McCann, Democratic
floor leader, said today the Legis-
lature may be asked to provide as
much as 10 million dollars for
permanent flood control work in
Pennsylvania.The exact figure must still be
determined on the basis of what
federal aid for flood control will
be forthcoming from Congress."There has been no decision yet
as to whether the General State
Authority would be asked to take
on the projects or some other
means used to finance such
work," he said.

Lots To Be Done

Rep. Ralph J. Down (R-Mercer)
said he wants to be sure that some
money is spent in his home county
for stream clearance and flood
control."There's a lot of work to be
done in Mercer County," he said.
Down questioned whether the
half million dollar appropriation
approved by the House this week
for emergency work in Mercer
and other flood-stricken counties
of western Pennsylvania would be
sufficient.But he said he had no intention
of seeking reauthorization of a de-
cision Thursday not to ask addi-
tional emergency money for
stream channel work in the west.

Enough For Now

Dr. Maurice K. Goddard, state
secretary of forests and waters,
said he felt the \$500,000 is suf-
ficient for now. If it turns out to
be insufficient, he added, then he
will seek more funds.Both McCann and Rep. Albert
W. Johnson, House Republican
leader, indicated they would go
along with the secretary.Down had attempted to add an-
other half million to the emer-
gency appropriation last Tuesday,
when the bill was going through
the House. He dropped his move,
however, after conferring with
legislative leaders.The Mercer County Republican
said he received an agreement
from them that the additional
money would be provided if it is
needed.ARMY TEAM

Army demolition team is making
progress in efforts to clear a
three-quarter mile long ice-gorge
on French Creek at nearby Coch-
ranston.The stream-choking gorge and
a two-mile long jam nearer Mead-
ville could cause serious flooding
in the Crawford County commu-
nity in the event of a sudden thaw
or heavy rain.Meadville suffered the worst
flood in its history last week
when the ice-jams backed up the
creek after a thaw and rain. Dam-
age was estimated at about 5
million dollars.An estimated 1,200 feet of ice
was loosened Thursday by explo-
sive charges. The ice floated
downstream to Franklin.Dynamite had been planted be-
tween two layers of ice about four
feet thick and was detonated by
fuse.Two airmen, aiding a six-man
team from Fort George Meade,
Md., escaped injury when their
helicopter hit an electric line and
made a forced landing at a near-
by field.

Drop Dynamite

The pilot was Capt. Louis D.
Kish of the 18th Artillery Group
at the Greater Pittsburgh Airport.
Airman A. H. Bryant of Sylvania,
Ga., was dropping dynamite
charges from the aircraft.Several parts of the helicopter,
including its rotor, were damaged.
Meanwhile, the first fatality re-
sulting from the flood was report-
ed.Salvatore Barretta of Mead-
ville was found dead in his home.
The coroner's office said he died
of exposure sometime Wednesday.
Barretta was evacuated from his
home during last week's floods,
but had returned Tuesday.

Limit BorrowingANNAPOLIS (AP)—The State
Planning Commission has recom-
mended again that Maryland put
its annual capital improvements
program on a partial pay-as-you-
go basis to check a steadily rising
state debt.The debt, accumulated mostly
since 1950, totaled \$211,799,000 as
of last Dec. 31. Authority had also
been granted to issue additional
bonds totaling \$82,499,800.Approximately 40 per cent of
this amount was for school con-
struction, which counties are pay-
ing for. They use the state's credit
to borrow money in order to get
a lower interest rate.The other bonds which have
gone for construction of state
hospitals, college buildings, park
acquisition and the like—are re-
deemed through the state prop-
erty tax.The tax rate is set automatically
each year by the amount of debt
required to be serviced in that
year. In 1960 it will be 14.5 cents
per \$100 valuation compared to
13.42 cents in the current year.TRAFFIC TOLL
IN '58 LOWEST
IN FOUR YEARSCHICAGO (AP)—Traffic acci-
dents in the United States took a
heavy toll in 1958, but the number
of persons killed, 37,000, was the
lowest since 1954.The National Safety Council, re-
porting today on motor vehicle
accidents said it estimates that
1,300,000 persons suffered crip-
pling traffic injuries.The cost, including property de-
struction, wage loss, medical ex-
pense and overhead cost of insur-
ance, was put at \$5,409,600,000.
"When you think of the price
we are still paying for highway
accidents in life and limb and
money," the council commented,
"there is little cause for compla-
cency or satisfaction over the re-
duction of the death toll."

Two Year Saving

The traffic death toll of 37,000
was 1,700 lower than in 1957 and
approximately 900 below the total
of 39,628 in 1956. Thus, the council
said, the result was a two-year
saving of 2,600 lives, achieved in
the face of a five per cent increase
in highway travel for that period.
The 1958 death rate was 5.6 deaths
for every 10 million vehicle
miles.In 21 of the past 24 months, the
council said, the death toll was
lower than the same month of the
preceding year.Despite the two-year downturn
in fatality statistics, the death toll
was roughly equal to the 1950 popu-
lation of Portsmouth, Ohio, or
Newport, R.I. Last year's deaths
on the highways were four per
cent under the 39,702 in 1957 and
seven per cent fewer than the 39,
528 in 1956. The total compared
to the 1954 toll of 35,596, which
was the lowest since 1950. The
record toll is 39,969, set in 1941.Firemen Helping

announced decision not to play Na-
tionalist China because of political
reasons, then the United States
can retain the title by defeating a
strong Brazil team tonight. The
U.S. team has a 4-1 record, Brazil
3-1.Should the Russians decide to

United States has no chance. The
Russians have a 5-0 record and

Americans Called "Russia"

Should the Air Force personnel
representing the United States win
the title by default, it will be an
unpopular victory.Chilean fans expressed dissatis-
faction over the poor caliber of
American play although the U.S.
team rallied in the second half for
a 64-55 victory over Chile.Fans peppered the Americans
with paper, coins and fruit, ac-
companied by calls of "Russia,

Bucknell's "Best Team" Meets Bullets On Local Floor Saturday At 8:30

Hailed as the best Bucknell basketball team in school history, the Bison cagers will come here Saturday evening to meet the Gettysburg College Bullets in a Middle Atlantic University Division game. The contest will start at 8:30 o'clock. There will be no preliminary.

Saturday's game is a "must" for Ben Kribbs' Bisons. Bucknell is 4-1 in the University Division and is gunning for title honors.

Big 6-6 Hal Danzig, all-east center last year, is averaging 17.5 points per game for the Herd who have won 10 against three losses. He is the top rebounder, averaging 15.8 rebounds per game.

Other leading scorers on the squad include Ellis Harley, 6-3, 214; Jack Flanagan, 6-1, 167; Bob Ericsson, 6-6, 153, and Tom Thompson, 6-0, 109.

Impressive Record
Bucknell clobbered the Bullets 77-62 at Lewisburg on December 4. Other Bison triumphs have been gained over Rutgers, Lehigh, Colgate, South Carolina, Pitt (twice), Delaware, Westminster and Penn State. Losses were at the hands of Cornell, St. Francis and La Salle, the latter in overtime.

Bob Hulton and his Bullets would like nothing better than putting a crimp in Bucknell's title aspirations.

The Bullets have had a long lay-off due to the midyear recess. They closed the first half of their campaign with a rush, winning four straight before bowing at Scranton on January 17 by an 82-80 count. At present the Hultons are 6-8.

No change is anticipated in the Gettysburg starting lineup which will include Del Warfel, Frank Grzelecki, Walt McGowan, Jack Hathaway and Walt Melnik, with John Warner and Marty Kaye being the first line replacements.

Warfel Sets Pace
Warfel is the current pace-setter for the Bullets in scoring and rebounding. He has tabbed 252 points for an 18-point average and had snared 190 rebounds for an average 13.6 per game.

Other top scorers are McGowan, 223; Grzelecki, 128; Warner, 104; Kaye, 70, and Hathaway, 59. Warner has the best shooting average, with 39 field goals in 91 tries for a 42.9 percentage, and 26 of 39 fouls for an 89.7 percentage.

Grzelecki follows Warfel closely in rebounding with 185 for an average of 13.2.

The Bullets have tabbed 969 points to 941 for their opponents.

DOCTOR BUSY AT NHL GAME
By THE ASSOCIATED PRESS
The doctor was almost as busy as the players in Detroit's 4-1 National Hockey League victory over the Montreal Canadiens Thursday night. At times the game took on aspects of a brawl.

When it was all over, the Red Wings had their first victory of the season over Montreal after six losses and three ties and were in fourth place by a one-point margin over the Boston Bruins.

Goalie Terry Sawchuk of Detroit came out of a scramble with a cut at the corner of his left eyebrow. The cut required five stitches.

Claude Provost of Montreal got five to close a cut across the nose after being hit by Billy McNeill's stick. And Jean-Guy Talbot, also of the Canadiens, got three over his right eye as the result of being hit by a flying puck.

In the third period Provost drew a major penalty for inflicting a cut on McNeill with a high stick. In the same melee, McNeill and Henri Richard of Montreal were given minors for high sticking.

35 CROWDED IN 5 STROKES AT SAN DIEGO

By BOB MYERS
Associated Press Sports Writer
SAN DIEGO, Calif. (AP)—The traffic was fierce today, with 35 professionals crowded within a margin of five strokes as play swung into the second round of the \$2,000 San Diego Golf Tournament.

Heading the procession with a precarious lead, as the 141 pros again attacked the par 36-72 Mission Valley Country Club course, were Mike Souchak and Bob Duden.

Souchak, 31, a veteran of tournament play from Grossinger, N.Y., and Duden, 38, of Oswego, Ore., each went around in 33-32-65 Thursday.

Played Like Champ
Duden has never won a major PGA tournament, and his earnings last year amounted to \$1,700. But he played like a champion Wednesday. He finished well in front of such stars as U.S. Open Champion Tommy Bolt and Arnold Palmer, the 1958 Masters winner and victor Sunday in the Thunderbird Invitational at Palm Springs.

Bolt settled for a 36-36-72, and Palmer, who won this event in 1957, had 34-38-72. One stroke behind the coleaders were Bo Winger, who had 31-35 and might have done even better if his ailing shoulder hadn't begun to kick up, and young Doug Sanders of Miami Beach, Fla., with 35-31.

Mississippi State, beaten only by unbeat Auburn, made it 15-1 in a 53-52 squeaker over Memphis State, and Dartmouth won its seventh straight for an 11-4 ledger, 64-62 over Boston University in other features of the slim Thursday program.

DATE AND SITE NOT FIXED FOR TITLE BATTLE
By JACK HAND
Associated Press Sports Writer
NEW YORK (AP) — The "secret" finally is out. Heavyweight Champion Floyd Patterson is going to fight Sweden's Ingemar Johansson. Best guess on the site and date is New York or Los Angeles in June or September.

Some 10 days ago promoter Bill Rosenzohn said the match was "90 per cent made." A week ago it was all set but the signing. After prolonged negotiations by a staff of legal brains, the two warriors finally signed Thursday in the shadow of the smorgasbord at a Swedish restaurant.

But the mystery isn't over yet. The date and site will be named within 30 days. At the moment, Rosenzohn says New York and Los Angeles are the winter book favorites, with Colorado Springs a strong third. He can stage the bout anytime between now and Sept. 30.

Has A Problem
Within the next week or two Rosenzohn will visit Philadelphia, Minneapolis, Indianapolis, Colorado Springs and Los Angeles. First he will meet with Mayor Wagner of New York Feb. 3.

There is one slight problem, as far as Rosenzohn is concerned. The contract permits Patterson to take another fight before Johansson. There is no such thing as a nontitle bout for a heavyweight champ.

Cus D'Amato, Patterson's manager, won't say yes and he won't say no. The best he will say is: "Floyd will have a sharper eye or another." That could mean an April match with someone like Brian London as promoter Harry Levine of London has been trying to arrange. Or it could mean one of Cus' secret fights in the gym.

ANTHONY HOPES FOR TITLE BOUT
NEW YORK (AP) — Tony Anthony opens a 1959 campaign that he hopes will earn him a lofty ranking in the heavyweight division when he faces Reuben Vargas of Richmond, Calif., tonight at Madison Square Garden.

The 23-year-old New Yorker already is No. 1 contender in the light heavy class ruled by Archie Moore. Instead of waiting for another crack at Moore, who stopped him in September 1957, Anthony wants to make his bid among the heavies. He is a 3-to-1 favorite over Vargas.

Tony still can make the 175-pound limit without any trouble. However, he is growing into a full fledged heavy. In the match with Vargas, the former golden glove champ will be giving away about 15 pounds.

Anthony has a seven-fight winning streak going for him against his 25-year-old opponent who is reputed to be a stiff puncher. With Tony in has been a case of knock the man out or be knocked out. His record is 37-5-4 with 20 knockouts.

The 16-round match will be carried on network (NBC) radio and television starting at 10 p.m. (EST). As usual in New York, two judges and a referee will score it by rounds.

Vargas' record is 17-6 for 23 fights with 13 knockouts.

GHS Cagers At Carlisle Tonight

Tonight Gettysburg High, 5-7 overall, takes on Carlisle, 14-0, in a South Penn League game on the Carlisle floor.

The Warriors absorbed a 72-29 shelling here in the first half at the hands of the defending champs but are confident they will give a better account of themselves tonight.

Other league games include Chambersburg at Hershey, Middletown at Hanover, and Waynesboro at Shippensburg.

In Adams-Franklin League games this evening, Greensboro at Biglerville, Scotland at Berks, St. Thomas at Littleton, Quincy at Fairfield, Fannett-Metal at New Oxford, and Buchanan at Big Spring.

KENTUCKY AND ST. LOUIS ARE RIDING HIGH

By DON WEISS
Associated Press Sports Writer

Long-time basketball powers Kentucky and St. Louis are riding higher than ever today—the Wildcats after nailing coach Adolph Rupp's 600th victory and the Billikens after snapping St. John's win streak at nine and ballooning their own to 10 in a row.

Kentucky put Rupp in the charmed 600 circle in his 29th coaching year with a 106-55 victory over Georgia at Lexington. St. Louis, led by 6-8 Bob Ferry and 6-7 George Burkel whipped St. John's 72-63 in the game that was supposed to indicate whether the New York Redmen had made it all the way back to their national prominence of a decade ago.

Mississippi State, beaten only by unbeat Auburn, made it 15-1 in a 53-52 squeaker over Memphis State, and Dartmouth won its seventh straight for an 11-4 ledger, 64-62 over Boston University in other features of the slim Thursday program.

Have 12-1 Record
Only Ed Diddle of Western Kentucky, among active coaches, has won as many as 600 at one school. He's 604-241 midway through his 37th season with the Hilltoppers.

St. John's, No. 7 nationally, took a 12-1 record and nine in a row to St. Louis, the first stop on a three-game Midwest road trip in which the Redmen hoped to stamp themselves as the New York area's first national power in nearly a decade.

The Redmen of Joe Lapchick got up to within two points with about three minutes remaining. In the end it was St. Louis which proved itself.

FOLLEY BEATS ALEX MITEFF
DENVER (AP) — A triphammer left and one savage two-fisted flurry in the fifth round carried cool Zora Folley to an unanimous decision over Argentina's Alex Miteff in their 10-round heavyweight fight Thursday night.

Thoroughly beaten though he was, the black-haired butcher boy from Buenos Aires said he is far from ready to call quits to his 91 victory over the Minneapolis Lakers in Houston, Tex.

Schayes, one of the all-time greats in the NBA, is 31 and has been the mainstay of the Nets for 10 years with his 20-points per game average. Thursday night though, he got only six.

Larry Costello, who scored 18 points, and Ed Conlin and Al Bianchi, each with 16, set most of the pace. Hal Greer, only 23, also chipped in with 16.

Vern Mikkelsen led the Lakers with 16 points, while Elgin Baylor was held to 13.

TWO OUTFIELD PROSPECTS TO JOIN SENATORS

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—The Washington Senators have invited two outfield hopefuls to their spring training camp at Orlando, Fla.

If the minor league records of these newcomers—Leonard Tucker and Dan Dobek—mean anything, it should prove to be a mighty interesting experiment.

Tucker, with six years of minor league experience, is technically on the Chattanooga roster. But the Senator's brass is so intrigued by his hitting potential they invited him to demonstrate his talents.

Tucker three years ago batted .404, slammed 51 home runs and drove in 191 runs in the Class B Southwestern League.

Long Ball Hitter
Dobek recently was discharged from the Army. In his first season of professional ball he hit .340 in a B league, after being signed from Western Michigan College. He reported to the Nats' spring camp in 1956 and impressed everybody with long ball hitting ability.

Dobek will be a candidate for centerfield along with Jimmy Deling, recently acquired from Detroit, and Bob Allison, rookie up from Chattanooga.

Allison is the one considered most likely to make good. He has the reputation of being a good hitter, a fine defensive outfielder, and a speedy runner. In 150 games with Chattanooga, he batted .307.

Need Second Baseman
Manager Cookie Lavagetto, who has been having trouble at second base, will inspect three newcomers at that position. Ronnie Samford, acquired from Detroit, apparently has the inside track.

Samford had a fine year at Charleston, W. Va., where he was named the team's most valuable player, batting .31 in 151 games. Johnny Schaive, who hit .294 at Chattanooga, also looks like a fairly good prospect.

The other aspirant for the regular keystone job is Dick Harris, usson of Bucky Harris, former Washington manager who recently succeeded Joe Cronin as Boston Red Sox general manager. Young Harris batted .256 at Charlotte with nine homers and 61 RBIs.

There is no hot-shot among the new pitching contingent. Garland Shufflett, right-hander, won 13 and lost 11 at Charlotte. He's been up before as has right-hander Ted Abernathy and Dick Mesa, as well as southpaw Ralph Lumetti.

YOUNGER SET WINS FOR NATS
By THE ASSOCIATED PRESS
"What would happen if our Dolph Schayes would become unavailable . . . like through old age?" Syracuse fans often wonder.

Well, the National Basketball Assn. Nats would probably turn to their younger set to do the work. They did the job Thursday night as the Nats turned in a 117-91 victory over the Minneapolis Lakers in Houston, Tex.

Schayes, one of the all-time greats in the NBA, is 31 and has been the mainstay of the Nets for 10 years with his 20-points per game average. Thursday night though, he got only six.

Larry Costello, who scored 18 points, and Ed Conlin and Al Bianchi, each with 16, set most of the pace. Hal Greer, only 23, also chipped in with 16.

Vern Mikkelsen led the Lakers with 16 points, while Elgin Baylor was held to 13.

OLD "JUNIORS" PLAYING TODAY
DUNEDIN, Fla. (AP) — It was back to work for the "juniors" in the Professional Golf Assn. Seniors' Championship today as the 50-54 age group teed off for its second round over the National PGA course.

The youngsters could be fairly confident one of their number would be the new champion, barring the chance that one or two players of the 55-and-over field adds two fine rounds to the two they already have played.

That a new champion will be crowned was conceded Thursday by the defending champion, Gene Sarazen, who blew himself a fat 77 for a 150 total.

Bill Goldberg, 60, of Mt. Kisco, N.Y., topped the 55-and-over field, added a three-under-par 69 to his first-round 71 for a 140 total. It won him the Bourne Trophy, awarded the low scorer for two rounds in that field.

Ock Willowet of Dayton, Ohio, took a 74 Thursday, but salvaged third place with a 144 total. Second place went to Harold Sanderson, Summit, N. J., with 74-69-143.

IKE WANTS TO CUT FEDERAL FARMERS' AID

WASHINGTON (AP)—President Eisenhower Thursday renewed with fresh emphasis his call for lower price support to cut costs of federal farm aid and encourage greater sales.

In a special message to Congress, he said price support programs are "excessively expensive" and crop control programs don't control.

Citing the big accumulation of surpluses and the large outlays of federal funds on farm programs, the message said "the need to reduce the incentives for excess production has been explicit" in the three special messages on agriculture which he has previously sent.

Eisenhower said expenditures under present programs go largely to a relatively few big farmers.

Dispatched to Congress along with the message was a memorandum from Secretary of Agriculture Ezra Taft Benson giving specific details regarding operation of present programs—particularly those affecting wheat, tobacco and rice—and outlining possible changes in farm laws.

Eisenhower took notice of Democratic proposals for changes in farm programs and cautioned against adopting some of them.

"Difficulties of the present program should not drive us to programs which would involve us in even greater trouble," he said.

Dependent On U.S. "I refer to direct payment programs, which could soon make virtually all farm people dependent, for a large share of their income, upon annual appropriations from the federal Treasury.

"I refer also to various multiple price programs, which would tax the American consumer so as to permit sale for feed and export at lower prices."

In general, Eisenhower's recommendations would make no drastic changes in present programs—only allow the Agriculture Department more flexibility in setting price supports for products required to be supported by the government. Under such authority, lower supports—and hence lower government outlays—would be expected to follow.

Morrison was arrested by New Cumberland police last weekend and held in \$8,000 bail after pleading guilty to 15 bad check charges.

Wisniewski underwent emergency surgery and has received the last rites of the Roman Catholic Church.

Were Being Frisked
His partner, Patrolman Edward Skold, 29, was shot once in the arm and was also taken to Englewood Hospital. Officials there said the condition of the father of two was not serious.

Wisniewski and Skold had just gone on patrol when they spotted the two youths walking on tree-lined South Woodland Avenue, a fashionable area dotted with mansions valued at \$50,000 and up.

The officers stopped the two, and Skold started frisking one of the youths.

The other youth stood by while Skold searched his companion. Suddenly, he whipped out a .22 caliber revolver and fired.

TIP SHEET MAN SHOOTS COP

MIAMI, Fla. (AP)—John L. Madala, security director at Hialeah Park, was in critical condition after being shot by a tip sheet salesman seeking revenge for being ousted from the race track.

Maxim Gay, 75, an arthritic cripple, fired four shots at the former FBI agent as scores of race fans watched.

The shooting took place shortly before Thursday's first race. Madala, 48, had been talking to his brother, Joseph, near the end of the grandstand just before Gay opened fire.

One of the bullets struck Madala in the abdomen. The others hit his hand.

Gay was held on a charge of attempted manslaughter. He also will be charged with assault and intent to commit murder, State Atty. Richard Gerstein said.

Madala, born in Chicago, was with the FBI for 15 years, before becoming a track security officer. He directs police at Garden State Park, Camden, N.J., and Pimlico Race Track, Baltimore, as well as Hialeah.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday School Lesson

By H. R. and M. C. Gold

JESUS QUESTIONED ABOUT THE TRIBUTE

Luke 20:19-26

Key Verse: Render to Caesar the things that are Caesar's, and to God the things that are God's. Luke 20:25.

Opposition to Jesus had become so intense among the religious leaders that they were willing to do almost anything to get rid of him. Their first move was to organize a spy system to trap him. At first they feared the people because of Jesus' popularity but the events of the early part of Passion Week seemed to throw a damper on that. The Zealots, a radical nationalists' group, had pinned their hopes on Him as the Messiah and felt He would soon assert Himself as a strong leader. But this was not the case and Jesus had no such intention.

Due to the situation a very strange alliance was formed between Pharisees and Herodians to destroy Jesus. The two parties were entirely opposite, politically speaking, for the Pharisees abhorred Roman authority while the Herodians received appointment from Rome and were consequently pro-Roman. Their plan was to convict Jesus on some seditious or traitorous charge and arraign him before the civil court. Very cleverly they phrased a question which they felt would bring the desired action. How little did they know of Jesus' knowledge and ability to read minds! He was wise enough to realize the ugly things they hoped to accomplish.

"Tribute To Caesar?"

To be entirely clear, let us give the text here (Luke 20:22-25): "Is it lawful for us to give tribute to Caesar, or not?" But he perceived their craftiness, and said to them, "Show me a coin. Whose likeness and inscription has it?" They said, "Caesar's." He said to them, "Then render to Caesar the things that are Caesar's, and to God the things that are God's." No one could catch Him up and they marveled and were silent. Definitely this was a "loaded question" — malicious and with intent to incriminate. He answered with an act.

The annual tribute or poll tax had to be paid by every adult Judean male. The controversy centered around what it stood for, not the amount. This silver denarius had the image of the emperor, either Augustus or Tiberius Caesar and it reminded the Jews that they were subject to Rome. Not a pleasant thought for worshippers of God to pay tax to a pagan state! Slave states, countries behind the Iron Curtain have learned the true meaning of this lesson—how Christians have had to compromise in order to survive.

Legitimate Answer

Jesus' answer was entirely legitimate and not a clever evasion. Judea lived under Roman rule and received its protection. Therefore the poll tax was due Caesar and the imperial treasury. On the other hand only God is absolute—the divine Lord of all. At times in the church's history the matter of church and state has become confused. Can there ever be any area of life completely separated from God even though it is pigeon-holed under housing, labor problems, race relations?

One of the Sunday School lesson commentators has summed up what belongs to whom by stating, "Religion is God's, politics and economics are the state's and morality is everyone's personal affair."

We can remember a few other things too. God ordained governments and we must obey their laws unless they conflict with our higher duty to God.

New Features Highlight ABC 1959 Models

New automatic home laundry features that keep pace with latest developments in the textile and detergent industries highlight ABC's new, 1959 line of automatic washers and dryers.

The new home laundry line includes five automatic washers and four clothes dryers (gas or electric) and they're on display in the M. A. Hartley Company show rooms on Carlisle St.

Wash and wear clothing and home furnishings that incorporate "no-ironing" features are given special attention by ABC with new, separate washing and drying cycles. Rinse additives, developed by manufacturers of detergents and soaps to soften and brighten fabrics, can be dispensed automatically at the proper time in ABC's new automatic washers.

Lint Problem Solved

The problem of lint clinging to freshly-laundried clothes is solved with "Filter Fountain." A selection of temperatures for wash and rinse waters permits the home-maker to use a variety of water temperatures to meet specific purposes.

The "Magic Minute Dirt Loosener" eliminates pre-scrubbing by hand because it washes each load in a concentrated solution of detergent and water for the first 60 seconds. Exclusive "Ener-Jet" washing action forces jets of cleansing suds against clothes to penetrate every pore of fabric and remove all soil.

provides safe temperature for modern fabrics. All dryers have special "wrinkle-free" drying which provides gentle, no heat tumbling at the end of drying cycle to remove wrinkles and eliminate ironing for many fabrics.

Fit Any Decor

Design and color styling of the new ABC laundry appliances promise to please the interior decorating tastes of modern home-makers. Square cabinets with matching square backguards permit snug installation in any location of the home. A smart combination of charcoal, gold and white in the backguard fits into any home decor. Pushbutton controls are easy to use, and new "Cycle Vu" window tells at a glance the progress of washer and dryer operations.

Cabinet exteriors are available in surf turquoise, Bermuda pink, buttercup yellow and white. Cabinets of all models are 36-inch counter-top height. Square corner design and flush-to-wall installation provide a built-in appearance. Cabinet widths are 27 inches in all washers and dryers.

Automatic Washer Highlights
Wash-Wear Cycle, a separate automatic cycle which corrects water temperature before spin cycle to eliminate setting of wrinkles in "wash-and-wear" type clothing. Selection of this cycle

is made at start of washing period. After washing phase is completed, 9 or 10 gallons of cold water (depending upon model) are injected into water to reduce temperature and eliminate excessive wrinkling which might be caused by spinning of clothes in wash water temperature.

Rinse Additive Dispenser, automatically dispenses powdered laundry compounds into water during rinse cycle, eliminating the need for homemaker to come back to washer and put in conditioner manually. Dispenser fits on top of agitator post and is activated by action of the "Filter Fountain" pump. Water flowing from "Filter Fountain" washes rinsing agents from dispenser into tub at proper time.

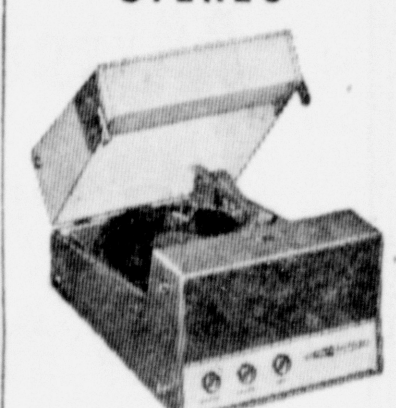

More Special Features
"Magic Minute Dirt Loosener," automatically pre-scrubs clothes

for 60 seconds in concentrated solution of detergent and water before the regular washing begins, cutting grease and loosening ground-in dirt and grime, and eliminating hand scrubbing. It is a feature on all 1959 ABC automatic washers.

"Filter Fountain," automatic lint filter removes lint and fuzz by filtering wash and rinse waters over and over again. Wash-water, pumped up through agitator post, sprays into removable strainer above agitator fins to filter lint and dirt particles after they are washed from the soiled clothes.

"Suds Back," permits home-

'Inn Of The 6th Happiness' To Play Majestic

The human drama of one courageous woman played against a lush, semi-barbaric Oriental backdrop is combined with romance, violence and mysticism in Buddy Adler's CinemaScope, color production of "The Inn of the Sixth Happiness," a Twentieth Century-Fox presentation coming Wednesday to the Majestic Theater. It runs through Saturday. With an international starring cast, capped by Ingrid Bergman, Curt Jurgens and the late Robert Donat, it is the largest film ever produced in England.

Directed by Mark Robson, of "Peyton Place" fame, the picture tells the story of the Gladys Aylward, an English woman who traveled to China, alone and without friends or outside help, at its most turbulent modern period to work as a missionary.

Told in the spiritual, dedicated

width (180 degrees). (2) Porcelain cylinder is smooth as glass to prevent snags to delicate fabrics. (3) Moderate, controlled heat with safe temperatures for everything washable.

Drying load, all dryers have 18-pound wet load capacities.

and exciting terms as Miss Aylward lived it, the film casts Miss Bergman in this real-life role.

From the first moment she arrives in London and finds her request for a missionary assignment denied, to her single-handed struggle across Communist Russia and Siberia to the north of China, to her final, inspiring victory at the very moment of her adopted nation's bleakest hour, the picture faithfully and with sympathy and emotion follows her career.

In Welsh Mountains

Curt Jurgens is cast as the handsome, dynamic Eurasian officer who, in spite of his hatred of all things Western, falls deeply

and tenderly in love with Miss Bergman.

As the mandarin, wise, autocratic, witty and dignified, Robert Donat delivers a powerful symbol of the old China faced with the new, and records his finest film performance.

WILL ISSUE STICKERS AS RENEWAL TABS

HARRISBURG (AP)—The State Revenue Department today outlined plans to issue pressure-sensitive stickers to Pennsylvania motorists as the renewal tab for vehicle registration plates.

Charles M. Dougherty, revenue secretary, said use of the stickers instead of metal tabs to renew the plates would result in economy, safety and easier law enforcement.

The sticker, measuring 1 by 1 1/2 inches, is made of light-reflecting material and will be issued in four color combinations.

To Be Numbered

A blue silhouette of Pennsylvania on a yellow background will be used for passenger cars, motorcycles, dealer cars and tractors. For trucks and school buses the sticker will be red on silver; taxicabs and buses, blue on silver; and trailers, green on silver.

Each sticker will have a serial number and the same number will be printed on the owner's registration card.

Dougherty said use of the stickers rather than metal tabs will make the renewal tabs easier to see and will result in savings of about \$100,000 this year.

First In East

He said Pennsylvania is the first state east of the Mississippi River to use the stickers for renewing semi-permanent registration plates. The present plates, issued in 1958, will be used through 1962.

Pennsylvania taxpayers should save about 2 million dollars from use of the stickers during the five-year life of the present plate, the secretary said.

The Bureau of Motor Vehicles will begin Feb. 6 to mail an estimated 4 1/2 million applications for 1959 passenger car registrations.

State Council Of Churches To Meet

ALLENTOWN, Pa. (AP)—The Pennsylvania Council of Churches will discuss legislation and birth control during its 48th General Assembly opening here Monday.

More than 200 ministers and lay leaders are expected to attend the three-day meeting. Dr. F. LaMont Henninger, district superintendent of the Methodist Church, Harrisburg, and acting president of the council, said Thursday a pre-session meeting will be held Sunday night to determine how councils of churches can work together in drafting a legislative program.

TO CONFER ON FEDERAL AID

HARRISBURG (AP)—Pennsylvania's use of millions in new federal education aid will be discussed here next week at a top-level conference of educators and science experts.

Officials of the State Public Instruction Department said Thursday some 180 science specialists will meet with state and federal officials next Tuesday, Wednesday and Thursday. There will be nine separate meetings to explore various subject areas.

The talks are a result of Pennsylvania's qualifying for federal funds under a program which will help buy science, mathematics and modern foreign language equipment.

The Commonwealth was one of the first states to qualify for the aid under the National Defense Education Act.

Department spokesmen said the meetings will fix a priority for equipment purchases and decide the program's objectives.

was organized here Thursday to serve as a voice for independent loan companies in Pennsylvania.

Philip Miller, Pittsburgh, chairman, said the organization has enrolled 71 out of 161 companies in the state.

ALASKA HAS SOME MONEY PROBLEMS TOO

JUNEAU, Alaska (AP)—Setting your own pay scale sounds like the average worker's idea of heaven. Alaska's first state legislators are finding it anything but that.

After a week of wrestling with the problem, the lawmakers have found the infant state has money problems just as big as those of her elder sisters.

Representatives and senators still don't know how much they'll be paid.

May Lack Salaries

Alaska's Gov. William A. Egan, 11 in Seattle, and the secretary of state, who is acting governor, are serving without pay.

No salary has been set for the judges who will be appointed to the 49th state's courts.

No money has been appropriated for those who will head state agencies and departments.

Acting Gov. Hugh J. Wade was to deliver the administration's first address to a joint session of the Legislature today, but he did not mention the salary problem. His address called for reorganization of the old territorial government into 15 streamlined state departments.

No Bill Yet

The legislators' toughest immediate problem, however, is their own pay. A joint Senate-House committee has proposed an annual salary of \$3,600 for the 60 lawmakers, plus \$40 a day in expenses for each of them.

So far, the lawmakers haven't come up with a bill to match the committee proposal.

Before Monday, however, a bill closely following the committee report is expected.

Sets Record For "Staying Awake"

JACKSONVILLE, Fla. (AP)—A tired and drawn but still smiling radio disc jockey went to bed Thursday night after claiming the world record for staying awake 225 hours.

Dave Hunter of WZRO at Jacksonville Beach turned off his record turntable at 6:09 p.m. in the showroom of a Jacksonville automobile dealer. He had been there spinning records 9 days, 9 hours, 9 minutes and 9 seconds.

When it was over, two ambulance attendants put him on a stretcher and drove him to his home in Jacksonville Beach. His wife Nancy had dinner waiting for him. Then he went to bed.

Hunter outlasted two other disc jockeys who began the marathon with him Jan. 20. Peter Tripp of WMGM in New York City quit Wednesday night after reaching his goal of 200 hours. Red Evans of WTAL in Tallahassee wore out Wednesday morning after 19 hours.

Eleven Schools Told To Correct Hazards

HARRISBURG (AP)—The Department of Labor and Industry ordered the following schools to correct fire hazards Thursday:

New Cumberland, Fifth St. elementary school; Oakville, elementary school; Allentown, Old Mosser school building; Trescow school building; Weissport, brick school building; Honesdale, elementary school; Harveys Lake, Beaumont elementary school (Monroe Twp.); Mount Carmel, Stephens school building; Northumberland, Washington elementary school; Mount Carmel, McKinley elementary school, first floor.

Pa. Unemployed Ranks Build Up

HARRISBURG (AP)—Pennsylvania's ranks of unemployed increased by 38,000 persons between mid-December and mid-January, a report by the State Employment Security Bureau showed today.

The month's report showed 508,000 idled workers compared with 470,000 the previous month.

William L. Batt Jr., labor and industry secretary, said it was the third consecutive month that the number of idled workers increased. He attributed the rise to seasonal factors including the end of the holiday shopping season and bad weather which forced layoffs in construction and agriculture.
